

Ecofish Research Ltd. (Ecofish) is Listed on the 2018 Growth 500

– Canadian Business unveils 30th annual list of Canada’s Fastest-Growing Companies –

Vancouver (September 13, 2018) *Canadian Business* and *Maclean’s* today listed Ecofish Research Ltd. on the 30th annual Growth 500, the definitive ranking of Canada’s Fastest-Growing Companies. Produced by Canada’s premier business and current affairs media brands, the Growth 500 ranks Canadian businesses on five-year revenue growth. Growth 500 winners are profiled in a special print issue of *Canadian Business* published with *Maclean’s* magazine and online at CanadianBusiness.com and Growth500.ca.

Ecofish Research Ltd. made the 2018 Growth 500 list with five-year revenue growth of 100%.

“The companies on the 2018 Growth 500 are truly remarkable. Demonstrating foresight, innovation and smart management, their stories serve as a primer for how to build a successful entrepreneurial business today,” says Deborah Aarts, Growth 500 program manager. “As we celebrate 30 years of the Canada’s Fastest-Growing Companies program, it’s encouraging to see that entrepreneurship is healthier than ever in this country.”

Ecofish is no stranger to Canada's list of Fastest-Growing Companies. They made their first appearance on the Growth 500 list in 2016 and their forecast shows no sign of letting up.

"This achievement is a direct reflection of the passion and dedication of a group of talented scientists and support staff who care deeply about the environment, our clients and what we do," says President Adam Lewis. "We are thrilled to have made our second appearance on the Growth 500 list."

Ecofish was founded in Vancouver in 2001 to meet the need for reliable, trustworthy, science-based environmental consulting. Since then, the Ecofish team has worked effectively with stakeholders, regulators, and First Nations to improve the environment and operations for over 100 projects in B.C. and internationally. Known province-wide for their unrivalled expertise in the hydroelectric sector, Ecofish's growth in recent years has expanded their breadth of expertise into the mining, marine and offshore, and oil and gas sectors, to name a few. Ecofish's science-based solutions help their clients overcome today's unprecedented environmental challenges.
