

WE'RE HIRING

ENVIRONMENTAL TECHNICIAN

Cranbrook, British Columbia

We are looking for an **Environmental Technician** to join our team of experienced and skilled professionals. Based in our **Cranbrook office**, the Environmental Technician would be hired to work with a team of environmental professionals to deliver aquatic field programs in the East Kootenays and a variety of locations in BC. The successful candidate(s) would begin as soon as available.

We provide a safe, supportive and engaging culture that is based on innovation, collaboration, and integrity, with the opportunity to learn and apply new technology, work in a diversity of ecological environments, and realize your career potential. Our compensation plan is competitive and there are great opportunities for professional growth and advancement through mentorship, training, and other professional development opportunities.

The successful candidate will be welcomed into an exceptional team dedicated to science-based, ethical environmental consulting, collaborating on fascinating and challenging assignments.

QUALIFICATIONS AND SKILLS:

- A diploma or B.Sc. in Biology or Environmental Sciences, or a related field.
- 1+ years of field work experience.
- Level one first aid, swiftwater rescue, and electrofishing certificates are an asset.
- Physically capable of working in streams and remote locations.
- Reliable, well organized, motivated and self-managed.
- Strong attention to detail and a commitment to quality, and excellence.
- Quick learner, flexible and team oriented.
- Effective and demonstrated communicator with strong inter-personal skills.

Apply Now!

Interested applicants can send a resume and cover letter that clearly identifies their experience as well as three references to apply@ecofishresearch.com. Qualified Indigenous applicants are encouraged to apply. **Applications will be accepted until July 26, 2019.** Only those applicants that are selected for an interview will be contacted. No phone calls please.
