

WE'RE HIRING

EROSION AND SEDIMENT CONTROL SPECIALIST

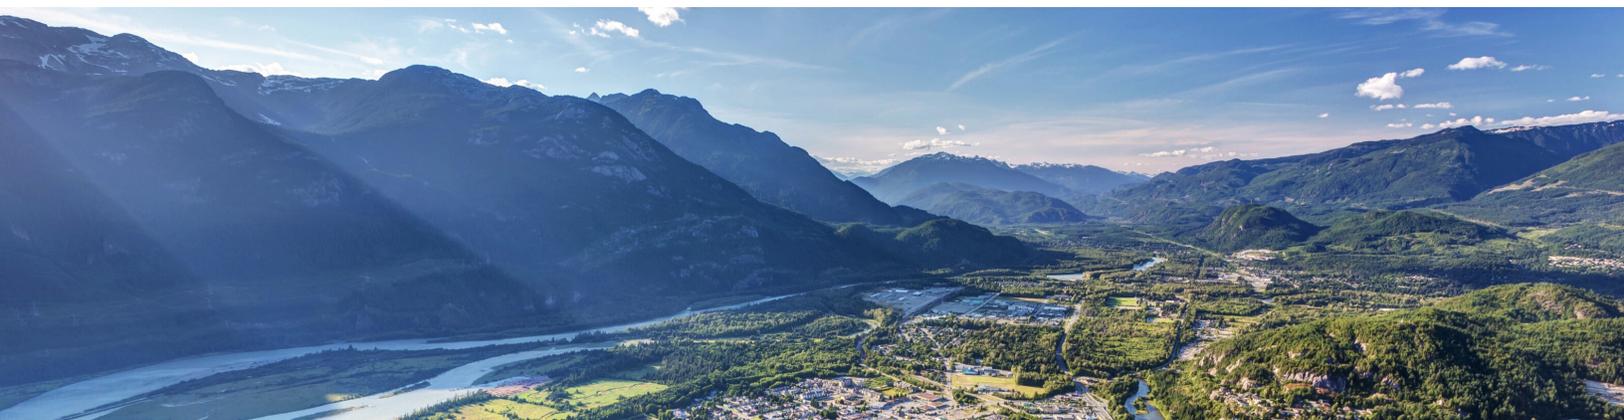

Terrace, Fort St. John, Courtenay or Vancouver, BC

Would you like to be part of the talented team dedicated to science-based, ethical environmental consulting? Then Ecofish wants to hear from you!

We are looking for an **Erosion and Sediment Control Specialist** to join our team of experienced and skilled professionals based out of our Terrace, Fort St. John, Vancouver, or Courtenay office. We provide a safe, supportive and engaging culture that is based on innovation, collaboration, integrity, with the opportunity to apply new technology, gain analytical skills, and realize your career potential. Our compensation plan is competitive and there are great opportunities for growth and advancement through mentorship, training, and other professional development opportunities.

The successful candidate will be welcomed into an exceptional team of professionals dedicated to science-based, ethical environmental consulting, collaborating on fascinating and challenging assignments. This role will be responsible for:

- Assessing Erosion and Sediment Control (ESC risks).
- Designing and prescribing ESC practices and measures.
- Installing and inspecting ESC measures.
- Research and development related to ESC.
- Administration of ESC Programs.

QUALIFICATIONS AND SKILLS:

If you have the following qualifications and are looking for an exciting and challenging opportunity, we would like to hear from you.

- Registered professional (R.P.Bio., P.Geo., P.Ag., or P.Eng. preferred).
- CPESC certification preferred, BCESCL or CISEC certification acceptable.
- B.Sc. or Diploma in related field.
- 10+ years' experience in an Erosion and Sediment Control Specialist role.
- Experience with major projects (e.g., BC EAO-certified), and provincial and federal permitting.
- Drafting, reviewing and implementing construction environmental management plans.
- A background in identifying and managing risk (environmental, compliance, corporate).
- Experience prescribing and monitoring environmental mitigation measures.
- Excellent time management, organizational skills and multi-tasking skills.
- Strong attention to detail and a commitment to quality, excellence, and ethics.
- Ability to work under pressure in a fast-paced, dynamic business with strict deadlines, budgets and quality standards.
- Strong computer skills including MS Office Suite.

APPLY NOW!

Interested applicants can send a resume and cover letter that clearly identifies their experience to apply@ecofishresearch.com. **Applications will be accepted until December 13th, 2019.** Only those applicants that are selected for an interview will be contacted. No phone calls please.
