

# WE'RE HIRING

## FISHERIES BIOLOGIST

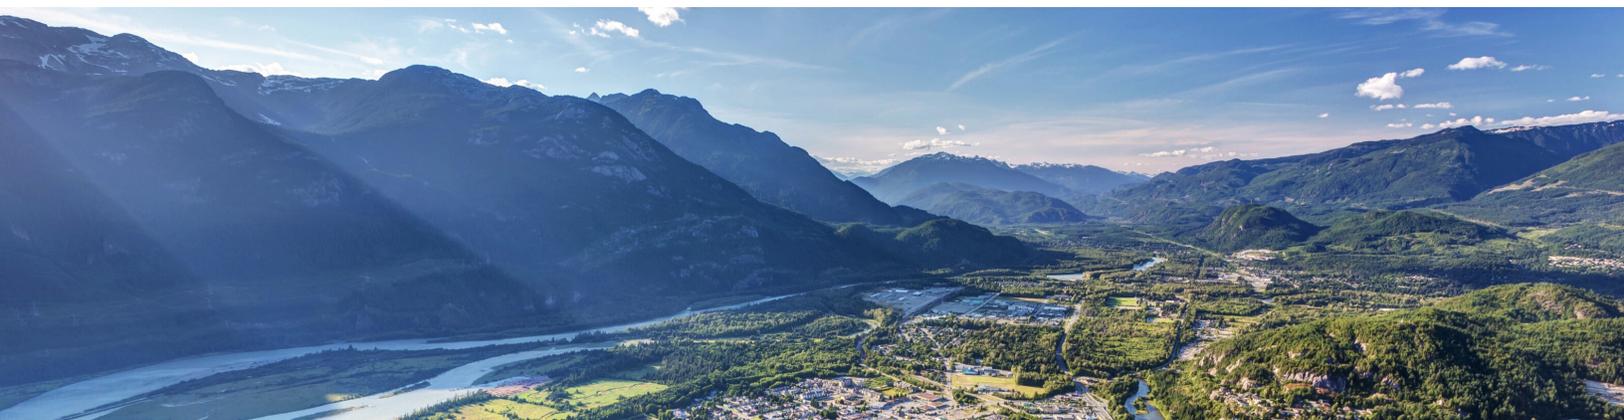

Science Practices Department

Courtenay, BC

We are looking for a **Fisheries Biologist** to join our team of experienced and skilled professionals. We provide a supportive and engaging culture that is based on innovation, collaboration, and integrity, with the opportunity to learn and apply the latest scientific approaches, gain analytical skills, and realize your career potential. Our compensation plan is competitive and there are great opportunities for growth and advancement through mentorship, training, and other professional development opportunities.

The successful candidate will be welcomed into an exceptional team of professionals dedicated to science-based, ethical environmental consulting, collaborating on fascinating and challenging assignments. The successful candidate(s) will be responsible for:

- Supporting the design, planning and execution of ecological studies focused on fisheries and aquatic resources, but also including water quality, climate, and other environmental information.
- Summarizing and evaluating data to draw conclusions on environmental conditions, and using these results with inference to scientific literature to make defensible conclusions about the status of the environment and the potential effects of anticipated natural and anthropogenic influences.
- Documenting these results in written reports as part of regulatory and/or approval processes.
- Working as a member of an interdisciplinary team collaborating with your colleagues to maximize work productivity and quality.

## QUALIFICATIONS AND SKILLS:

If you have the following qualifications and are looking for an exciting and challenging opportunity, we would like to hear from you.

- B.Sc. or M.Sc. in fisheries science
- 5+ years of experience
- Consulting experience an asset
- R.P. Bio or B.I.T designation or eligibility
- Excellent time management, organizational skills and multi-tasking skills
- Strong attention to detail and a commitment to quality, excellence, and ethics
- Strong writing skills
- Ability to work under pressure in a fast-paced, dynamic business with strict deadlines, budgets and quality standards
- Strong computer skills including MS Office Suite

## APPLY NOW!

Interested applicants can send a resume and cover letter that clearly identifies their experience to [apply@ecofishresearch.com](mailto:apply@ecofishresearch.com). **Applications will be accepted until February 7th, 2020.** Only those applicants that are selected for an interview will be contacted. No phone calls please.
