

WE'RE HIRING

SUMMER ENVIRONMENTAL TECHNICIAN STUDENT POSITION

Field Services Department

Lower Mainland, Vancouver Island, or Cranbrook

We are looking for a student to join our team of experienced and skilled professionals this summer to conduct field work at a variety of locations in BC. The position would start in May and continue until August 2020. We provide a safe, supportive and engaging culture that is based on innovation, collaboration, and integrity. Working as a field technician with Ecofish will provide the opportunity gain practical field skills and experience. The successful candidate will be welcomed into an exceptional team of professionals dedicated to science-based, ethical environmental consulting, collaborating on fascinating and challenging assignments.

QUALIFICATIONS AND SKILLS:

If you have the following qualifications and are looking for an exciting and challenging opportunity, we would like to hear from you.

- Currently enrolled in diploma or B.Sc. program in Biology or Environmental Sciences, or a related field.
- 1+ years of field work experience or relevant experience.

- Valid Class 5 BC Driver's License.
- Level one first aid, swiftwater rescue and electrofishing certificates are an asset.
- Must be available to work weekends and holidays.
- Physically capable of working outside in all weather conditions, in streams and remote locations.
- Reliable, well organized, motivated and self-managed.
- Quick learner, flexible and team oriented.

APPLY NOW!

Interested applicants can send a resume and cover letter that clearly identifies their experience to <https://sciencecoop.ubc.ca/students/apply>. Qualified Indigenous applicants are encouraged to apply. **Applications will be accepted until February 28, 2020.** Only those applicants that are selected for an interview will be contacted. No phone calls please.
