### WHY ECOFISH?

The environment needs our help, and we are up to the challenge. At Ecofish, we have made the environment our life's work, as reflected by our mission: Creating and implementing innovative environmental designs and practices to create solutions that assist and support industry and government, deliver green, sustainable developments.

To achieve our mission, our team is the embodiment of our values:

- **Science based:** We characterize, hypothesize, predict and test – to be accurate and assure quality.
- **Ethical:** We consistently meet or surpass environmental laws, regulations, and guidelines to minimize impacts on the environment.
- **Practical:** We are reasonable and apply common sense to achieve outcomes when trade-offs must be made between development and environmental protection.
- **Professional:** We are competent, honest, ethical, reliable, and certified by accredited bodies.

Ecofish incorporates these values in all aspects of our work. Social responsibility is at the core of our mission. Internally and externally, we bring a strong willingness to be cooperative and supportive of our clients, employees, and suppliers.
