

## EROSION AND SEDIMENT CONTROL SPECIALIST

Office Location: Terrace, BC

### WHO IS ECOFISH LOOKING FOR?

We are looking for a dedicated and hard-working Erosion and Sediment Control Specialist to join our dynamic team! Are you looking for an opportunity to join a team of experienced and skilled professionals who thrive on innovation, collaboration, and integrity? While working alongside Ecofish experts in your field, we will support your career goals by providing great opportunities for growth and advancement through mentorship, training, and other professional development opportunities.

This role will be based in one of our eight office locations; however, Terrace or Fort St. John is preferred.

### WHY ECOFISH?

At Ecofish, we have made the environment our life's work, as reflected by our mission: Creating and implementing innovative environmental designs and practices to create solutions that assist and support industry and government, deliver green, sustainable developments.

To achieve our mission, our team is the embodiment of our values:

- **Science based:** We characterize, hypothesize, predict and test – to be accurate and assure quality.
- **Ethical:** We consistently meet or surpass environmental laws, regulations, and guidelines to minimize impacts on the environment.
- **Ingenuity:** We develop novel techniques to increase accuracy in assessing environmental impacts and create innovative solutions for our clients.
- **Professional:** We are competent, honest, ethical, reliable, and certified by accredited bodies.

Ecofish incorporates these values in all aspects of our work. Social responsibility is at the core of our mission. Internally and externally, we bring a strong willingness to be cooperative and supportive of our clients, employees, and suppliers.

### APPLY NOW!

Please send a resume and cover letter as well as three references to [apply@ecofishresearch.com](mailto:apply@ecofishresearch.com)

Applications will be accepted until June 30, 2021. Only those applicants that are selected for an interview will be contacted. No phone calls please.

### WONDERING WHAT YOU'LL BE RESPONSIBLE FOR?

- Assessing Erosion and Sediment Control (ESC) risks.
- Designing and prescribing ESC practices and measures.
- Installing and inspecting ESC measures.
- Research and development related to ESC.
- Administration of ESC Programs.

### THE QUALIFICATIONS AND SKILLS WE ARE LOOKING FOR.

- Registered professional (R.P.Bio., P.Geo., P.Ag., or P.Eng. preferred).
- CPESC certification preferred, BCESCL or CISEC certification acceptable.
- B.Sc. or Diploma in related field.
- 10+ years' experience in an Erosion and Sediment Control Specialist role.
- Experience with major projects (e.g., BC EAO-certified), and provincial and federal permitting.
- Drafting, reviewing and implementing construction environmental management plans.
- A background in identifying and managing risk (environmental, compliance, corporate).
- Experience prescribing and monitoring environmental mitigation measures.
- Excellent time management, organizational skills and multi-tasking skills.
- Strong attention to detail and a commitment to quality, excellence, and ethics.
- Ability to work under pressure in a fast-paced, dynamic business with strict deadlines, budgets and quality standards.
- Strong computer skills including MS Office Suite.
